## Practice Newsletter

Welcome to the latest issue of our Practice Newsletter.

**FLU VACCINATIONS IN AUTUMN:** We will begin contacting eligible patients for flu vaccinations in autumn.

**RECEPTION TEAM:** Please be patient when waiting to speak to our reception team, as they are busy answering the phones, in addition to speaking to people at the front desk. They will answer your call as soon as they can. You will also be aware we have a few new receptionists here at Ecclesfield. They are still in the process of being trained, they may take longer to deal with your requests, we would like to ask you to bear this in mind when contacting the surgery. We do thank you for your patience and understanding during their training period.

**SAMPLES & RESULTS** Patients sometimes ask us why we can't phone with test results. It is our clinical responsibility to act on any result that requires medical intervention or further treatment (and we will contact you directly) but we would need a full time team of office staff to phone every patient with results and this is not possible. Any result ordered from the hospital goes to them, not us, and it is their responsibility to act if required.

To obtain the results of tests and investigations, Please view these via the NHS app (if you have this) or by telephone personally after 2.00pm. Please note we are unable to give results to a third party without the consent of the patient. Some results require clarification and you may be asked to telephone again to speak to the doctor or make an appointment.
