

Simon Kirby: London Marathon

Sunday, 22nd April 2012

Our Business Manager, Simon Kirby is taking part in the London Marathon to raise funds for World Cancer Research Fund (WCRF UK). Please offer your support as he prepares to take on the 26.2 mile route in support of cancer prevention.

“Running the London Marathon for WCRF UK is a fantastic opportunity to support and promote awareness of cancer prevention.

On the day, I will be running for anyone and everyone who has been affected by cancer, with a particular desire to promote healthy eating, physical activity and a good weight as a positive way to reducing the risk of cancer. The research WCRF UK undertake will help future generations better manage the risk of cancer.

I have only been running for 3 years, but during this time have lost a significant amount of weight myself. As such, supporting WCRF UK through running helps me take responsibility for my own health, whilst hopefully supporting others. ”

Thank you in anticipation for your support
